

ELY DIOCESAN ASSOCIATION OF CHURCH BELL RINGERS

Application for Membership

Please complete one form for each new member

The Ely Diocesan Association of Church Bell Ringers stores information about its members; the two main aims are to produce an annual membership report and also to provide a method of contact should questions arise about your membership. The Association will never share your personal information with any other organisation or mailing list. For full details, see the website page at <http://www.elyda.org.uk/membership/privacy>, or contact the District Secretary.

Some members will become tower correspondents or officers of the Association. Contact details for those members will need to be released to the public domain. However, there is no requirement that these details are the same as those held on record by the Ely DA. For example, a generic email address, which is redirected to the individual, can be used.

The Ely DA requires that all peals rung for the association are sent for publication in the Ringing World, and are published in the Annual Report; the Association may check such performances against its membership data.

Your local tower will also probably hold information about its members. Local tower arrangements are not specifically covered by the privacy statement of the Association but we expect that towers will only hold data for the purposes of administering your membership or contacting you with information of genuine interest.

If you would like further information about precisely what data is held about you by the Association, please contact the General Secretary. Please note that the Association is entitled to charge a statutory fee not exceeding ten pounds for the provision of this information.
